

Project Proposal

Executive Summary

This proposal outlines the implementation of a **cloud-based document management system** for Acme Corporation. The system will streamline workflows, improve collaboration, and reduce operational costs by 25%.

Project Scope

Objectives

1. Migrate existing documents to cloud storage
2. Implement role-based access controls
3. Create automated workflows for document approval
4. Integrate with existing CRM and ERP systems

Timeline

Phase	Deliverable	Deadline
1	System Architecture	Q1 2025
2	User Interface Design	Q2 2025
3	Backend Development	Q3 2025
4	Testing & Deployment	Q4 2025

Budget Breakdown

- Development: \$120,000
- Infrastructure: \$45,000
- Training: \$25,000
- Maintenance (annual): \$30,000

"This proposal demonstrates our commitment to digital transformation and operational

excellence." — CEO, Acme Corp.
